Additional Platforms	Other platforms are available. Please contact us for additional platforms pricing and details.

Click Futures charges fees such as exchange, clearing, brokerage and commissions that may change from time to time.

\* Certain fees on contracts may exceed \$1000.

\*\* Customers of Click Futures will automatically be subscribed to the *Click Futures / Firetip Pro* version of the platform upon account opening and will be subject to a \$59/month platform fee. If you would like to select *Click Futures / Firetip Basic* or another platform, please do so during the account opening process. Non-professional traders will be required to pay (on behalf of CME Group) \$15 per month for Market Depth Data for CME, CBOT, NYMEX, and COMEX. Individual CME Group Exchanges can be enabled for \$5 per month, per exchange.

Professional traders will be subject to a higher fee at \$85/month for each of the four exchanges.
